

IQAC, Govt. Degree College Dooru

Analysis of Student's Feedback and Action Taken Report (Session 2023-2024)

Govt Degree College carries out feedback regular to get critical information from student community with regard to teaching learning process, overall institutional performance and development. The primary objective of the student feedback (SF) is to assess the viewpoints of students with regard to academics and development of institution, which will pave the way for the excellence in the area of teaching, learning and research. Furthermore, proper student feedback mechanism also helps to introspect the current status of various activities currently going on in the college, and to provide the opportunity to the stakeholders of the college to draft road map for future planning by implementation in the key areas.

The student feedback mechanism has been considered as a healthy practice for the overall growth and development of the college. In view of its importance, comprehensive feedback for enrolled students of different semesters was undertaken for the session 2023-24. The feedback was collected at the institutional level by drafting questionnaire in the google form with proper scaling method. The students were informed by official notice to submit the feedback form withing stipulated time frame.

After analysis of the entries in the feedback form, it was found that 170 students of different semesters have submitted their responses withing the stipulated time period. The scoring of each item/question was on the basis of four-point scale i.e. each student was given choice to show his/her level of agreement by selecting appropriate option (Average, Good, Very good & excellent). After the initial scanning of data, the data was consolidated and appropriate analysis was prepared for knowing the major trends in the results. After the analysis of results and suggestions made by the students on different critical areas, a concise Student Feedback analysis was submitted to the Principal of the college.

Student Feedback Form

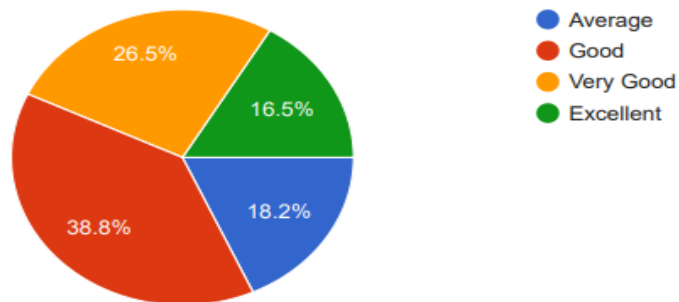

(1-Average, 2-Good, 3-Very good & 4-Excellent)

S/No	Question	Scale			
		1	2	3	4
1.	Overall content and design of the curriculum				
2.	Maintenance of the attendance record by teachers

Students Feedback Analysis

- More than 80% of students (from good to excellent) are happy with the overall content and design of curriculum which indicate the most of the students are satisfied with the curriculum design of the college which is based on NEP-2020.
- Most of the students expressed their happiness with the maintenance of the attendance record by the teachers. The data reveal that 45.3% of students pointed out that attendance record was excellent from teacher's side.
- Most of the students were satisfied with the laboratory facility of the college. However, 15.3% were dissatisfied with the lab. facilities.
- Students were happy with the evaluation scheme current run by the college. However, there is scope for improvement as 15.9% of students were not happy with the evaluation scheme designed for the students.
- Maximum students were happy with the availability of different types of books in the college library, nevertheless, there is scope for improvement in the library as 10% of students are unhappy with the library facility.
- The data clearly reveal that students are happy with the guidance from the teachers for personal development. In addition, students seem to be happy with the cooperation from teachers, library staff and office staff.
- Although students expressed their gratitude for the overall learning environment in the college, but 17% students seem to show unhappiness towards current learning environment in the college. In the same way, students (19.4%) show some reservations on the amenities and assistance provided at college ground.
- Overall, students were happy with the duties and responsibilities of complaint/grievance redressal committee in the college, while some students expressed their reservations (17.6%).
- The majority of students expressed their happiness towards college website, while 16.5% students also expressed their unhappiness.
- Students (55.9) were unsatisfied with the current cleanliness and maintenance of washrooms in the college. In addition, they (26%) also expressed their reservations on the availability of clean drinking water facility in the college.
- Overall, students were happy and satisfied with the college for conduct of co-curricular and extra-curricular activities.

Importance Suggestions by Students:

- “The boys' washroom at GDC Dooru is not in good condition and lacks cleanliness. This issue needs to be addressed promptly to ensure a hygienic and comfortable environment for all students. Improvements in regular maintenance and cleaning routines are necessary to rectify this situation.”
- “Upgrade BCA computer lab”
- “As a student of humanities, I could suggest that the availability of competitive books is less in our library. So, a little bit attention to that thing however all the things are excellent’
- “Encourage initiatives that promote community engagement, such as volunteering opportunities, outreach programs, and partnerships with local organizations.”
- “Upgrade the Wi-Fi infrastructure to ensure better connectivity across campus.” - Benefit: This will enhance student’s ability to access online resources and improve overall productivity”
- "Implement a peer mentoring program for freshers.”

Benefit: "This will help new students acclimate to college life, reducing dropout rates and fostering a supportive community.

- Promoting Diversity and Inclusion: - Suggestion: "Organize more cultural events and workshops." - Benefit: "These events can promote understanding and respect among students from diverse backgrounds, creating a more inclusive environment."
- **Sustainability Initiatives: ** - Suggestion: "Introduce a campus-wide recycling program." - Benefit: This initiative will reduce waste and promote environmental responsibility among the college community.
- “Cooperative, collaborative and effective role of students as well as teachers and encouragement of students towards their classwork”
- Counselling programs (about future plans and the upcoming exams that we prepare for) should be organised at every month .
